

Mini separator of fat substances type: **MOT 0,5**

Material

Tank and equipment *polyethylene*

Machine properties

Type *gravity machine*

Installation *under sink or dishwasher*

Machine equipment

separating chamber *desilter chamber*

ventilation port (right or left) *lock lid*

Technical specifications:

Nominal flow (l/s)	0,5
Total capacity (l)	38
Separator capacity (l)	15
Desilter capacity (l)	15
Height (mm)	385
Width (mm)	330
Length (mm)	420
Stub pipes diameter (mm)	50
Distance to the wastewater inlet from the bottom (l)	265
Distance to the wastewater outlet from the bottom (l)	245
Number of scuttles (items)	1
Weight (kg)	4
