

SDS-Plus MX4 Set - 5 pcs | SDS-Plus MX4 drill bits - 4 cut / sets

- Symmetrical 4 cutter geometry (4x90°). Perfect round holes for optimal anchor fitting.
- 4 flute geometry: The high volume 4 flute geometry ensures the optimum removal of dust and debris.
- Centering tip for easy spot drilling with pinpoint accuracy.
- Welded solid carbide tip on Ø 5-10 mm: Allows for wider flute entrance leading to increased speed. More carbide leads to a higher durability of the tip and higher lifetime.
- 4 breaker points pulverize material more efficiently for faster drilling.
- Enhanced rebar guards for an improved resistance when hitting rebar.
- New variable flute design: Thin flute at the tip for maximum debris extraction, higher speed and less friction. Thick flute at the base for higher stability and reduced bit breakage. Up to 20% more holes per battery charge vs 4 cutter drill bit in concrete and vs. previous generatio.
