

PS5VDC2A-EU

5 VOLT D.C. AT 2 AMPS. PLUGS DIRECTLY INTO WALL OUTLETS. COMPATIBLE WITH VDA PLUGS USED IN EUROPE AND PART OF SOUTH AMERICA,SA

Overview

Carrier Fire & Security's wide range of power supplies provide solutions for all the majority of various applications. Available in wall format with adaptors, Carrier Fire & Security supplies can be used with all major power plugs. Solutions include both in wall and "power brick" configurations. Switching supplies include advanced technology and power savings, meeting Level IV (4) International Efficiency in compliance with California Energy Commission, Energy Star and the EU Code of Conduct for external power supplies. Supplies can be mixed and matched to a variety of Carrier Fire & Security products to meet installation requirements.

Supplies are available in both +48 Volt DC, +12 Volt DC and +5 Volt DC models, meeting a wide range of price, installation and wall prongs for world-wide operations. With Carrier Fire & Security power supplies, the power is in your hands.

Details

- CE approved
- UL approved
- CSA approved
- Compact power supplies for standalone fiber links or Media Converters
- Low voltage outputs
- Models for Europe and UK region
- Available in Wall type
