Manufacturer's Information

Regarding: Name change for HTKSH FE180/PH90 E90 and HTKSHekw FE180/PH90 E90 cables

Cable Factory BITNER [Ltd.], the manufacturer of HTKSH FE180/PH90 E90 and HTKSHekw FE180/PH90 E90 cables, hereby announces that these cables will be available in our offer under the new names HTKSH FE180/PH120 E90 and HTKSHekw FE180/PH120 E90 as of July 24, 2025.

The name change (PH90 is being replaced by PH120) is related to the performance of extended tests according to the following: PN-EN 50200 and their inclusion in the new National Technical Assessment for the above cables, which will become effective on July 24, 2025.

This change is not due to any changes in the design or properties of the products. HTKSH FE180/PH120 E90 and HTKSHekw FE180/PH120 E90 cables can be used in exactly the same applications as before and fully replace cables marked PH90.

HTKSH FE180/PH90 E90 and HTKSHekw FE180/PH90 E90 cables will be available while stocks last, and their use will be possible with the National Technical Assessment and Certificate of Approval valid on the date of their manufacture.
