

## Safety Data Sheet

Safety data sheet according to Regulation (EC) 1907/2006 (REACH) and Commission Regulation (EU) 453/2010 and Commission Regulation (EU) 2020/878

Print date: 03.04.2017 (version 1,0)

Updated: 27.11.2023

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Trade name: AGAM PRO Jointing compound

Index: 1010010, 1010011

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Paste to seal threads in metal and plastic joints.

#### 1.3. Details of the supplier of the safety data sheet

Supplier:

Name - Agam Sp. z o.o.

Address – ul. Warszawska 36, 16-070 Lyski, Poland

Telephone No (+48) 85 74 74 019

e-mail: [Pawel.Mieleszkiewicz@agam.pl](mailto:Pawel.Mieleszkiewicz@agam.pl)

Web site: [www.agam.pl](http://www.agam.pl)

Unit providing information on the safety data sheet

[Pawel.Mieleszkiewicz@agam.pl](mailto:Pawel.Mieleszkiewicz@agam.pl)

#### 1.4. Emergency telephone number

Tel. 112 (24 hour)

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

Classification

Physical Hazards - not applicable

Health hazards - not applicable

Environmental hazards - not applicable

#### 2.2. Label elements

Hazard statements

NC Not applicable

Additional information on the label

EUH210 Safety Data Sheet available on request.

### 2.3. Other hazards

Under normal conditions - none.

## SECTION 3: Composition/information on ingredients

### 3.2. Mixtures

The full text of the hazard statements (R phrases) and hazard definitions is provided in section 16.

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

**Inhalation** - Move exposed person to fresh air. Seek medical advice if discomfort persists.

**Ingestion** - Rinse mouth thoroughly with water. Give some small glasses of water or milk to drink. Never give anything by mouth to an unconscious person. Obtain medical attention.

**Skin contact** - Wash skin thoroughly with soap and water. Remove contaminated clothing. If symptoms get worse, seek medical attention.

**Eye Contact** - Remove contact lenses and open your eyes widely. Immediately rinse with plenty of water. Continue rinsing for at least 15 minutes. Seek medical advice if discomfort persists.

### 4.2. Most important acute and delayed conditions and effects of exposure

**Skin Contact** - Prolonged contact may cause redness, irritation and skin dryness.

**Eye contact** - May cause temporary eye irritation.

### 4.3. Indications of any immediate medical attention and special treatment of the sufferer

Medical advice - No specific recommendations. Symptomatic treatment.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing agents

Suitable extinguishing media - Foam, carbon dioxide or extinguishing powder.

Unsuitable extinguishing media - Do not use water jet to extinguish the fire, as it may spread the flame.

### 5.2. Special hazards arising from the substance or mixture

There are no specified hazards.

### 5.3. Information for the fire brigade

Standard firefighter's clothing and full set of equipment for respiratory protection.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions: Wear protective clothing as instructed in Section 8 of this Safety Data Sheet.

### 6.2. Environmental precautions

Environmental precautions:  
Avoid release to drains, watercourses or ground.

### 6.3. Methods and materials for containment and cleaning up of contamination

Methods for cleaning up: Absorb with sand or other inert absorbent. For removal, transfer to appropriate, labeled containers.

### 6.4. References to other sections

Reference to other sections For information on appropriate personal protective equipment see section 8. Disposal considerations - see section 13.

## SECTION 7: Handling and storage

### 7.1 Safety precautions

Precautions in use: avoid skin and eye contamination. Do not eat, drink or smoke while using the product.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage Precautions: store in original, tightly closed containers in a dry, cool and well-ventilated place. Do not remove unused material into the storage tank.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

### 8.2. Exposure controls

Protective equipment

Appropriate technical control measures

Normal (mechanical) ventilation of the room should suffice with small amounts of substance. When working with more substances and if necessary for the convenience of workers, local mechanical lifts should be used.

**Eye / face protection** - The following precautions should be worn: Protective splash goggles or face shield. Personal eye protection should be in accordance with EN 166.

**Hand protection** - Wear suitable protective gloves for prolonged or repeated skin contact.  
Recommended gloves type:

## Safety Data Sheet

- Nitrile rubber (butadiene / acrylonitrile (NBR) copolymer)
- PVA (polyvinyl alcohol)

**Remaining skin and body protection** - Wear uniforms, work overalls or lab coats.

**Hygiene measures** - Wash before each shift change, as well as before eating, smoking and visiting the toilet. Use a suitable cream to prevent drying of the skin. Do not eat or drink or smoke while using the product. Compliance with appropriate industrial hygiene procedures is required.

**Respiratory protection** - Normally not required.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state	Paste
Colour	Light grey
Odour	Neutral
Odor threshold	Undefined
pH	Not applicable
Melting / freezing point	Not available
Initial boiling point and boiling range	Not applicable
Flash-point	Not available
Vapor pressure	Not available
Density of steam	Not available
Relative density	Undefined
Water solubility	Insoluble in water
Partition coefficient	Undefined
Auto-ignition temperature	Undefined
Decomposition temperature	Undefined
Explosive properties	Undefined
Oxidizing properties	Not applicable

### 9.2. Other information

Not applicable.

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Reactivity: The following may react with the product: Strong oxidants.

### 10.2. Chemical stability

Stability: Stable at normal ambient temperature and during use as recommended.

### 10.3. Possibility of hazardous reactions

No particular material or group of materials should react with the product causing a hazardous situation.

### 10.4. Conditions to avoid

Avoid heat, flames and other sources of ignition.

### 10.5. Materials incompatible

Strong acids. Strong alkalies. Strong oxidizers. Strong reducers.

### 10.6. Hazardous decomposition products

Thermal decomposition can cause the release of carbon monoxide, carbon dioxide, and unidentified organic compounds.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Splashing into the eyes can cause irritations and irreversible changes.

#### 11.1.1. Substances

No toxicological information on these substances exists.

#### 11.1.2. Mixture

No toxicological information is available on this mixture.

## SECTION 12: Ecological information

Ecotoxicity - Not considered to be dangerous for the environment.

### 12.1. Toxicity

No data available.

### 12.2. Persistence and degradability

No data available.

### 12.3. Ability to bioaccumulate

No data available.

### 12.4. Mobility in soil

No data available.

### 12.5. Results of evaluation of PBT and vPvB properties

No data available.

### 12.6. Other harmful effects

Other side effects - No known hazards.

## SECTION 13: Disposal considerations

### 13.1. Methods of waste disposal

**General information:** Disposal must be in accordance with EU, national and local regulations. Empty containers may contain residual substance. Observe the safety data sheet and the warnings on the labels even after emptying the containers.

**Methods of disposal** - Dispose of the waste to a licensed waste facility in accordance with the requirements of local authorities responsible for waste management.

Waste code 08 04 10 wastes of adhesives, putties and sealants, other than those mentioned in 08 04 09

## SECTION 14: Transport information

### General

This product is not covered by international shipping regulations Dangerous (IMDG, IATA, ADR / RID).

### 14.1. UN number

Not applicable.

### 14.2. Proper shipping name UN

Not applicable.

### 14.3. Transport hazard class (s)

Not applicable.

### 14.4. Packing group

Not applicable.

### 14.5. Environmental hazards

Marine Pollutant: No

### 14.6. Special precautions for users

Not applicable.

**14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

**SECTION 15: Regulatory information**

**15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture**

No data available.

**15.2. Chemical safety assessment**

Chemical safety assessment has not been carried out.

**SECTION 16: Other information**

This information applies only to this product and may not be suitable for this product in combination with other products or in another process. The information provided is based on current state of knowledge and is believed to be accurate and fair on the date of issue. However, no warranty is made as to the accuracy, reliability or completeness of the information.

It is the user's responsibility to provide relevant information to its use.
