

VOLTAGE TESTER | TESTBOY PROFI LCD PLUS | Two pole voltage tester

Due to its wide performance spectrum, the Testboy Profi LCD Plus is one of the most sought after products in our assortment.

The Profi LCD Plus combined the following 11 features in one unit:

- | Display DC and AC voltage from 6 to 1000V
- | Single-pole phase testing
- | Two – pole phase sequence indication
- | Continuity testing up to 150 (acoustically)
- | Resistance testing up to 2000
- | Data – Hold
- | Backlight lever sensor
- | RCD – testing lever two button
- | LED torch lamp
- | Removable 4 mm test tips adaptor
- | Auto – Power - Off

An Auto - Power - Off function impeded a fast discharging of the battery. The extremely accurate LC display is particularly professional; service or installtion technicians are easily able to display the phase or phase sequence. When the probe tips are connected to an AC voltage within the nominal voltage range, the reading is displayed in volts and the "+~-" LED indicator lights up. From a voltage more than 35V (life risk) a buzzer sounds up. The switchable load per button impeded the unmeant triggering of the RCD – switch, so that the protective earthing conductor can be measure as well. The professional appearance is underlined by the mix of materials used in the plastic housing and the rubber handle. The Display area is protected by a break proof plastic disk.

Your advantages:

- | 5 years manufacturer's warranty
- | IEC/EN 61243-3 (DIN VDE 0628-401)

VOLTAGE TESTER | SPECIFICATION

Technical Details **Testboy Profi LCD Plus**

Display	optical 3 1/2 digit, LCD
Operating panel	finger tip, RCD button, ON/OFF button, D-Hold button
Measurement Range	automatic range
Voltage Test	6 -1000V AC/DC, 0- 400Hz
Resistance Test	0 - 2000
Continuity Test	0 ~ 150 with acoustical signal
Phase Indication	> 100V AC
Switchable load	Is ~ 30mA ED(DT) = 30 sec.
Power supply	2x 1,5V
Overload category	CAT IV 1000V
Dimension	238 x 70 x 30 mm
Protection	IP 65
Weight	200 g
Colour	red/black, other colours on request
Scope of delivery	1x operating instruction 2x battery type AAA LR 03
Supplies, optional	bag
