

Shelly BLU TRV adapters

Adapter set for radiator valves

EAN code: 3800238074760

Product description

Shelly BLU TRV adapters is a set of six radiator valve adapters that let the Shelly BLU TRV be mounted on more valve types than the M30 x 1.5 thread it fits directly. The pack covers RAV, RA, RAVL, Caleffi, Giacomini and M28 x 1.5.

It is particularly useful in homes where radiators carry valves from different manufacturers, or where older and less common valves are installed, and it makes it easy to move a BLU TRV to another radiator later.

A purely mechanical accessory with no electronics. It requires a Shelly BLU TRV (EAN 3800238074746 / 3800238074920 / 3800238074937) and is sold separately.

Technical data

Physical	
Adapters included:	RAV, RA, RAVL, Caleffi, Giacomini, M28 x 1.5
Quantity:	6 adapters per pack
Weight:	36 g / 1.27 oz (total)
