

Indoor light

TurnMeLight

EAN 4007841006501

Functional description

Whatever we develop: it is always with the aim of finding the most intelligent solution. No matter whether for highly sophisticated high-end sensor-switched lights or for our simpler products. Our new TurnMeLight is the best proof. We asked ourselves what the perfect light needs to be like. Our answer: it should only shine at night, use as little electricity as possible, come in a modern, discreet design and provide pleasant light in an intensity that children can easily change. Using a very easy principle: unplug, turn through 180 degrees, plug back in again, done.

Technical specifications

Dimensions (L x W x H)	55 x 55 x 49 mm
Mains power supply	230 V
Sensor Technology	Light sensor
Output	0,4 W
Colour temperature	3000 K
Colour variation LED	SDCM5
Colour Rendering Index CRI	80-89
LED life expectancy (max. °C)	50000 h
Drop in luminous flux in accordance with LM80	L70B10
Twilight setting	5 – 5 lx
IP rating	IP20
Protection class	II
Housing material	Plastic
Cover material	Plastic, opal
Manufacturer's Warranty	3 years
With remote control	No
