

MPR-Quick fasteners type S+

with external thread, galvanised

Application

- For safe and fast connecting of pipe clamps in the rail slot of MPR-Support channels
- For use in dry interiors

Your advantages

- Time-saving attachment in the channel slot, even if subsequently fitted between existing pipe sections
- Safely retained after screwing in, alignable until screw is tightened
- Secure interlocking design for a positive connection with the MPR-Support channels
- Suitable for all MPR-Support channels 41/21 to 41/124

Features

Material thickness of support channel [mm]	Max. recommended tensile load F_z [N]		Tightening torque [Nm]	
	M8	M10	M8	M10
1.5	3,100	3,100	9	17
2.0	4,500	4,500		
2.5		5,000
