Safety precautions

Tested for safety and EMC requirements as specified in EN 60730-1, EN 60730-2-7, EN 60730-2-9, EN 60730-2-14, EN 61000-4-2, EN 61000-4-3 and RED directive.

UK NOTE: The optimum performance comes when the Danfoss Eco™ is mounted in the flow of the radiator. Danfoss Eco™ can also be mounted in the return as long as the radiator length is less than 1.6 meter.

The thermostat is not intended for children and must not be used as a toy. Do not leave packaging materials where children may be tempted to play with them, as this is extremely dangerous. Do not attempt to dismantle the thermostat as it contains no user-serviceable parts. If error code E1, E2 etc. is shown in the display or other defects appear, please return the thermostat to the distributor.
