

# Oras Natura

Combine your Oras Eterna with Oras Natura shower set. The Oras Natura shower set has a unique function that saves both water and energy. You can enjoy a refreshing shower and simultaneously use up to 50% less water and energy compared with normal showers. The water and energy saving function is activated by pressing the eco-button in the hand shower head, which displays a green ring to indicate that the function is in use. The eco-function halves the flow of water from the shower. Design: Kirsi Svärd

Oras Eterna  
Always the  
right time to  
enjoy and save  
water.

It's time to take a shower.

Enjoy a whole new level of comfort and functionality with the new Oras Eterna – while saving water and energy! It has never been easier. See for yourself!

Combine your Oras Eterna with the Oras Natura shower set and truly get a 100 % showering pleasure with 50 % less water!

# It's Time.

It's time to be smart about water. Smarter than ever before. The fact that Oras is the world's leading developer and manufacturer of electronic faucets enables us to say that we are approaching a new era of enjoying water – while saving it. The ease and hygiene of using our touchless faucets is just the beginning: our new thermostatic faucet Oras Eterna can actually show the ideal duration of a shower.

It's time to save water, energy and money and the environment. It's time to take a shower. It's time for Oras Eterna and its unique EcoLed function to show you the ideal duration of a shower: just right to enjoy, without wasting water. It's time to experience the completely new level of feel, comfort and functionality of Oras Eterna.

The new Oras Eterna comes with revolutionary functionality in design and every detail. Its EcoLed function tells you the ideal duration of your shower – without wasting water and energy. The 90 degrees turning diverter spout and an extremely sophisticated thermostat combine luxury with intuitiveness. Automatic bathtub-filling function up to a fixed amount of water completes the perfect package.

Design: Kirsi Svärd

*EcoLed -press pad*  
The press pad acts as a simple interface for opening and closing of the water. Additionally the amount of water flow is defined by twisting the EcoLed -press pad.

Oras Natura shower set,  
Oras no. 6388U

Luxury and intuitiveness combined:  
elegance and ecology in the same package.

User-friendly

Smart

Ecological

Safe

Luxurious

The new Oras Eterna tells you exactly how long a smart shower should last. Whether you are a home builder or constructor, energy efficiency is crucial for the life cycle costs – and future value – of your real estate. Spending water equals spending energy and money.

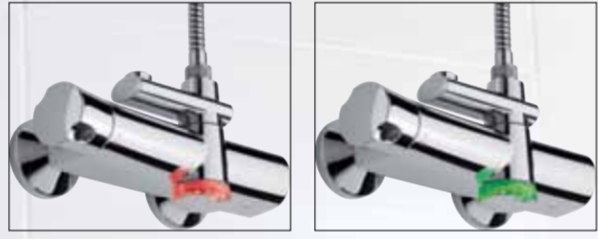

## It's Time.

Adjust temperature precisely. The ultra-sophisticated Oras thermostat will keep it steady. Never burn your fingers. Safety-button will safeguard even the smallest ones.

Press the Ecoled button and the water flows at an ideal pressure. Green light tells you how long the ideal shower should last. Without wasting water and energy. Smart and fun!

Fill a bucket and switch back to shower mode by simply turning the spout.

Oras is a significant developer, manufacturer and marketer of kitchen and bathroom faucets. Ever since the company's founding in 1945 in Rauma, Finland, Oras has been dedicated to bring products of high quality and design with user-friendly technological solutions to the markets. Each technological improvement is designed to contribute to water and energy savings. As early as in the 1990s, Oras presented the touchless, electronic faucets to the European HVAC markets. Oras' vision is to become the true owner of the electronic faucet markets in Europe.

Oras is entirely owned by a family company Oras Invest. All Oras faucets are produced in Europe, in

the company's three factories located in Rauma, Finland, in Olesno, Poland and in Leksvik, Norway. Likewise the raw material and the components used in production are sourced from European suppliers. For more information, visit [www.oras.com](http://www.oras.com)

Det Norske Veritas Certification OY/AB certifies that the Quality Management System of Oras Oy in Rauma Finland, conforms to the ISO 9001, the Environmental Management System to the ISO 14001 standard and the Occupational Health and Safety System to the OHSAS 18001 standard. The certificates are valid for development, manufacture, marketing, sales and after sales services of faucets, accessories and valves.

The TÜV CERT Certification Body of TÜV NORD Zertifizierungs- und Umweltgutachter Gesellschaft mbH certifies that the Quality Management System of Oras Olesno Sp. z o.o. in Olesno Poland, conforms to the ISO 9001, the Environmental Management System to the ISO 14001 standard and the Occupational Health and Safety System to the OHSAS 18001 standard. The certificates are valid for manufacture, storage, marketing, sales and after sales services of faucets, valves and accessories.

All Oras faucets are identified with symbols that best highlight the unique features of the product. These product symbols help you to find easily the Oras faucet that fulfills your needs and requests.
