

# FTS

## Fiber Tube Scoring tool (The Frog)

- The FTS (**F**iber **T**ube **S**corer) is a very easy to use scoring tool
- No adjustments needed
- The blade is fixed and makes a precise ring score
- The unequalled wide range of tube sizes which can be scored with the FTS is **1.6 mm – 6.0 mm**
- The pressure of the blade on the tube is performed by depressing the legs of the tool. The U shaped ends form the tube scoring opening.
- Only a few rotations are needed to be able to score the tube. Then the tube can be broken by gently flex the tube at the score. The fibers will not be damaged. The number of revolutions is dependent on the tube material and size.
- Ergonomic finger hole for easy rotation.
- Made in the U.S.A

Type	Part nr	Size	Weight
FTS	80980	98 x 48 x 15 mm	20 g
