Drying room product

Drying of cloths generally a costly and time consuming exercise. The El-Björn model A 75FR can easily solve this problem

Product arguments

- Direct output of dry air from the top of the machine
- Easy-to-place, effective in modern design
- Energy-saving, SEK 1500/year with medium-sized dry room
- Moisture and mould-free drying room, water disappears down the floor drain
- Maintenance free on account of progressive environment friendly disposable filter (replaced 1 to 2 times a year)
- Low-pressure refrigerant spares the compressor
- Equipped with additional heating, pleasant temperature and environment in the drying room
- Conforms to all safety requirements
- Childproof

Article No.: E8745020

Type: A 75F/R

Certifications:
