

RAISED TOILET SEAT NIVELLA 100

Nivella 100

With a raised toilet seat it is easier to sit down to the toilet seat and get up from it. A slight forward tilt design reduces weight on the joints and is comfortable to use.

openings on the front- and the backside of the seat makes it easier to take care of hygiene because of the lateral fastening the raised toilet seat can be used together with the most WC-models you can also buy separated lid which is also tested with 225 kg like our raised toilet seats. The lid can be removed and fastened back easy without tools.

Size: 365 x 100 x 405
