Seregno , 25th June 2026

With reference to your request, we hereby declare that the products Chanteclair Degreaser Marseille; Lemon; Lavender; Bicarbonate, White Musk; Anti-Odor are suitable for use within HACCP plans, as they have long been used and included by HACCP specialists in HACCP protocols for sectors such as restaurants/pizzerias, bars, butcher shops, and pastry shops.

The products are formulated and marketed for professional use within cleaning and sanitation protocols implemented under hygienic self-control systems based on HACCP principles (Hazard Analysis and Critical Control Points).

DECLARATION OF CONFORMITY

The company hereby declares that the above-mentioned products:

- Are suitable for use in professional cleaning processes in food, industrial, logistics, and manufacturing environments, according to the instructions provided in the relevant Technical Data Sheets and Safety Data Sheets.
- Are manufactured in compliance with applicable quality requirements and according to internal control procedures designed to ensure production consistency, traceability, and safe use.
- Are supplied with:
 - Safety Data Sheet (SDS/MSDS);
 - Labeling compliant with applicable regulations;
 - Instructions for use and dosage.
- When used according to the manufacturer's instructions, are compatible with hygiene and cleaning protocols established within HACCP systems adopted by the final user.

Best regards.
